## PROFESSIONAL SUMMARY

Junior Web Developer with hands-on experience gained through personal projects, web applications, and a personal portfolio website. Strong foundation in HTML, CSS, JavaScript, PHP, TypeScript, React, Vue, and WordPress, complemented by basic SQL knowledge and version control using Git/GitHub. Reliable and detail-oriented, with a strong problem-solving mindset and the ability to meet deadlines and structured timelines. Motivated to grow within a collaborative development team.

## TECHNICAL SKILLS

- **Programming Languages & Frameworks:** HTML5, CSS3 (Bootstrap, Flexbox, Grid, Responsive Design), SCSS, JavaScript (ES6+), PHP (create/modify medium-complexity code), TypeScript (basic), React (components, props, state), Vue.js (basic), Nunjucks.
- **CMS & Tools:** WordPress (theme customization), Eleventy (11ty), Git, GitHub, Version Control.
- **Design Tools:** Adobe Photoshop, Figma (basic to intermediate).
- **Databases:** MySQL, SQL (basic queries: SELECT, INSERT, UPDATE, DELETE).

## PROJECTS & PORTFOLIO

### Personal Portfolio Website | *Front-End Developer*

- Designed and developed a personal portfolio website to showcase projects and skills using Nunjucks with HTML, CSS, and JavaScript.
- Achieved 100% responsive layout across desktop and mobile devices.
- Improved page load performance by optimizing assets and code structure.
- Integrated GitHub links and structured multiple project pages for better navigation.

### Mini Web Applications | *Front-End Developer*

- Developed 5+ mini web applications and interactive pages using JavaScript, React, and Vue.
- Implemented reusable components within a component-based architecture, reducing duplicated code.
- Followed clear development timelines and achieved feature-based milestones independently.

### Design Projects | *Graphic Designer / Web Designer*

- Created 5+ digital posters and visual assets using Adobe Photoshop.
- Applied layout, typography, and color theory principles to enhance visual appeal.

- Delivered designs strictly aligned with given requirements and deadlines.

## RELEVANT EXPERIENCE

### Personal Projects & Practice-Based Experience *Self-Employed / Independent Learner*

- Built and maintained multiple web projects for learning and portfolio purposes.
- Utilized Git/GitHub for version control across all projects to maintain code history.
- Solved technical issues independently using documentation and debugging tools.
- Consistently met self-imposed deadlines and project timelines to simulate a professional environment.

## EDUCATION & CERTIFICATIONS

- **Digital Nation - Generatia Tech** – Web Developer Explorer (2024 - 2025)
- **freeCodeCamp** – Responsive Web Design (2024)
- **Udemy** – Web Development Bootcamp (2023)
- **GoIT** – Web Development Marathon (2023)
- **High School** – Liceul Tehnologic Agricol Smeeni (2017 – 2021)

## SOFT SKILLS

- Problem-solving and analytical reasoning
- Reliability and accountability
- Time management and meeting deadlines
- Ability to break down complex tasks into manageable steps
- Adaptability and continuous learning mindset
- Ability to follow instructions and feedback
- Team collaboration and clear communication

## LANGUAGES

- **Romanian:** Native
- **English:** Upper-Intermediate (B2)
